SINCE 1911

LALLUBHAI AMICHAND LTD
Most Trusted Export House

Company Profile

From humble beginnings of a trader dealing in non-ferrous metals, Lallubhai Amichand Ltd., today is a leading player in the household kitchenware market.

Founded in 1911 by visionary entrepreneur late "Padma Shri" Vithaldas Hakamchand Shah. His enterprise Lallubhai Amichand Ltd has since then expanded in leaps and bounds during the last 10 decades. Having a strong base and growing with significant market share, Lallubhai has further expanded into various other verticals like aluminium wire rods, aluminium extrusions, stainless steel surgical-ware and real estate development.

The prime reason behind the sparkling success of Lallubhai is an extensive understanding of consumer needs worldwide and an intensive R&D exercise.

The company thrives on the asset of a dedicated workforce and a comprehensive setup base of land, machinery and distribution network.
